GHz Partners advises Aptean on its acquisition of JobRouter AG

GHz Partners is pleased to announce that it acted as the M&A advisor to Aptean, a global provider of AI-driven ERP and SCM software solutions, on its acquisition of Jobrouter AG, a provider of cloud-based intelligent process automation solutions based in Mannheim, Germany.

Founded in 1992, JobRouter delivers low-code platform solutions that help businesses design, implement, manage, and automate complex processes in real time to drive cost savings and visibility across their organizations. The firm currently employs 114 FTEs and is set to achieve a SaaS growth rate of about 80% in 2024. Aptean is committed to continued investment in and supporting JobRouter's current customers and partners while also expanding the solution to Aptean's large and growing customer base. Aptean is committed to continued investment in and supporting JobRouter's current customers and partners while also expanding the solution to Aptean's large and growing customer base.

The addition of JobRouter expands Aptean's process automation capabilities to better serve the needs of its global ERP customer base and provide existing JobRouter customers and partners with access to a broad portfolio of solutions.

"The combination of JobRouter and Aptean provides an exciting opportunity for us to push our global expansion and to address the process automation needs of Aptean's large base of ERP and SCM customers," added Axel Ensinger & Marcus Nagel, Co-CEO's of JobRouter. "As part of Aptean we will continue to invest in our long-term growth and provide our customers and partners with access to numerous complementary solutions."

"Aptean is very excited to announce its expanded ability to offer best-in-class intelligent process automation solutions to its global customer base," said TVN Reddy, CEO at Aptean. "With the addition of JobRouter, Aptean further establishes itself as a vendor of choice in solving complex business issues."

The terms of the transaction were not disclosed.
