

MOSER Software acquired by Craftview Software, a Battery Ventures portfolio company

May 2021

GHZ Partners advises MOSER on its divestiture to Craftview

GHZ Partners is pleased to announce that it acted as exclusive financial advisor to the shareholders of MOSER GmbH & Co.KG, a leading provider in the German craft software market, on its divestiture to Craftview Software GmbH.

Since the foundation in 1979 by Heide and Dipl.-Ing, Matthias Moser, the name Moser stands for innovative software solutions for medium-sized companies (SMEs) in the trade, craft and service sectors as well as for small businesses. The software from Moser is productively in use at over 100,000 workstations in various companies. The distribution area includes the German-speaking region and the BeNeLux countries.

MOS'aik supports the areas of calculation, project management, administration, materials management, eCommerce (eBusiness), GAEB, controlling, CRM, production and accounting. MOSER allround is a completely newly developed commercial software that can be used mobile, stationary or in combination in companies.

The company employs around 80 people.

Craftview Software GmbH is a portfolio company of Battery Ventures with a special focus on the craft software market in Europe.

The terms of the transaction were not disclosed.
